You help us... EXCITE, ENGAGE, EMPOWER

Humble ISD turned 100 last year and boy, does it look good for its age! Instead of moving slower and showing wrinkles like most of us when we age, Humble ISD is a top rated school district that uses innovative instructional practices and cutting-edge technology in developing the leaders of tomorrow.

The Education Foundation helped Humble ISD celebrate this milestone by partnering on several centennial events throughout the year including a back to school district-wide pep rally and a community-wide centennial event in February. What a memorable fireworks show at the February event!

Humble ISD is great for many reasons and at the top of that list is our engaged community that devotes its time and money to education. The Foundation is proud to report that over $2 million was raised in the 2018-19 school year to support learning experiences that excite, engage and empower our students.

We are grateful for your support in championing excellence in Humble ISD. Onward and upward to the next 100 years!

CONQUERING THE FUTURE BEFORE GRADUATION

Just like a picture, the collective vision of our community depicted in Humble ISD's Portrait of a Graduate (POG) is worth a thousand words. This vision articulates our community's aspirations for all students which is to graduate with demonstrated competencies as global citizens, communicators, personal responsibility, creative innovators, leaders & collaborators and critical thinkers.

The Foundation supports educators implementing innovative POG centered projects in their classrooms by awarding Innovative Education grants. These grants provide experiences beyond content mastery that create lifelong learners and contributors ready for the real world after graduation. Thanks to generous Foundation supporters, Humble ISD students are engaged in innovative work such as learning to fly commercial drones, build tiny homes and test blood samples.

"The kids are using synthetic blood to identify different blood types and answering some really cool questions related to this," said Sarah Hansen, teacher at Atascocita High School. With this grant, students are trained on the same vital signs measurement devices that they use in their clinical rotations at local health care facilities. Therefore, Humble ISD students show up to these rotations ready to advance to the next level of their healthcare education.

Coding is now a basic literacy in the digital age and at Hidden Hollow Elementary, students will be better problem solvers by learning this language. Thanks to educator Laura Krakehl for writing and winning a Foundation grant, third grade students are using critical thinking skills and building their confidence as they master the Dash and Dot coding system.

At Summer Creek High School, students learn to build and navigate remotely operated vehicles under water. Learning this marine technology will open the doors to many career paths for national defense, oil and gas, the medical field and so much more. Kristal Ortegon, the educator behind this project says, "When students are challenged by their educators to be innovative by their own design, the weight of positive empowerment generates success."

With the community and district invested in this vision, our students are gaining valuable skills to conquer the future. Thank YOU for making this and many other innovative opportunities available for our students.

CELEBRATE THE PAST, INSPIRE THE FUTURE

AND INNOVATE FOR TODAY

Employees throughout the district celebrated Humble ISD in a big way with record-breaking participation in the Foundation Employee Campaign. More than 3,200 employees donated $314,108 to this campaign. Funds raised benefit the employee's home campus through the campaign rebate as well as the innovative education grants program.

Hear from our employees below why they donate to the Foundation.

EMPLOYEE DONORS

"It is great to see the support that Humble ISD employees give to the Education Foundation. Thank you for all that you do to support us!"

"I love being a Humble ISD graduate teaching in the district that gave me so much. Thank you so much to the foundation for your continued support!"

"I truly enjoy helping our district!"

HARTA EDUCATOR SCHOLARSHIP

Did you know that Humble ISD educators can apply for scholarships to further their professional development? The Humble Area Retired Teachers Association, HARTA, partnered with the Foundation to provide learning opportunities for educators in Humble ISD.

The HARTA Educator Scholarship is available to all Humble ISD educators and para-educators that wish to pursue a degree or certification to further their career in education. Because we know that learning can occur outside of a formal education institution, this scholarship also funds registration fees for professional development workshops, institutes and conferences.

This year, over $5,000 were awarded to Humble ISD educators to attend training in differentiated instruction and to attend conferences such as Dyslexia Association, Teach Your Heart Out, and the Ron Clarck Academy. The Foundation is grateful to our local retired teachers for their investment in Humble ISD educators.

YOUR DOLLARS AT WORK

Explore a few of the Innovative Education Grants transforming Humble ISD classrooms.

Back to the Future Project . . . . . **$3,500 Awarded**
Imagine one morning you wake up to discover that dinosaurs from all over the world had once lived in your schoolyard. Imagine being four feet away from giant carnivores or participating in a scavenger hunt. Discover George is a private Traveling Museum that educates, entertains and enthralls learners of all ages, guaranteeing a learning adventure not soon forgotten.

~ Shannon Green / Lakeland Elementary

Mini Medical Camp . . . . . **$2,410 Awarded**
Mini-Medical Camp will provide students across the districts with the opportunity to explore and investigate different aspects of the medical field. Students in grades 5th through 8th will get hands-on experience taught by high school HOSA students. Experiences will include CPR, dissections and college and career planning.

~ Alisha Smith / Multiple Schools

Diving Deep into Learning! . . . . . **$2,647 Awarded**
Is it really possible to play in the water and learn at the same time? Timberwood Middle School students will be doing just that in their newly developed Sea Perch Club. By experimenting with a robot underwater, student will explore the use of forces motion and buoyancy as well as future careers in submarine design.

~ Consolacion Schaut / Timberwood Middle School

DISTINGUISHED ALUMNI

Humble ISD alums are doing amazing things in our community and throughout the world! On April 12 at the annual Foundation gala, the Foundation board recognized Sonny Robbins, Humble High School Class of 1944 as this year's Humble ISD Distinguished Alumni Award recipient. From serving as Mayor of Humble, from 1967 to 1971, to service on multiple nonprofit boards, his extensive volunteerism has made a significant positive impact in our community.

Interested in nominating someone or applying for this award?

THERE'S A NEW SHERIFF IN TOWN AND LOTS OF SUPPORTERS!

After a challenging school year with Hurricane Harvey visiting our community in 2017, Kingwood High School students and faculty returned to their beloved and newly restored home.

The 2018 – 2019 school year also welcomed a new principal, Dr. Michael Nasra. His quest for excellence in education and opportunities for students was the driving force behind the "New Sheriff in Town" fundraising campaign. With a goal to raise $40,000 for the annual fund, Dr. Nasra and a few adored teachers accepted the challenge to take a spin on a mechanical bull when the fundraising goal was reached. The goal was met and students engaged in a high-spirited pep rally, but most importantly, parents graciously donated to show their support of campus initiatives.

Did you know that many Humble ISD schools have an annual fund campaign? The Foundation is proud to collaborate with schools and parents to support excellence in the classroom.

To learn more about this unique way to fundraise, go to Humbleisd.net/annualfunds

WORKING WITH BUSINESS PARTNERS TO MAKE DREAMS COME TRUE
